IMMIGRATION BILL IS SENT TO CONFERENCE

Chance of Agreement By House and Senate on Measure Is Held Good

COOLIDGE TO SIGN? Some Congressional Leaders Believe President Will Approve Bill

Washington, April 19.—(By the A. P.)—The Senate and House immigration bills were ready for conference today, with chances for agreement good. Although differing in some points, the Asiatic exclusion and many others embodying change in policy are substantially the same. The House passed its bill last Saturday by a majority of four to one and the Senate acted last night, 62 to 6. Both chambers made their decisions with respect to Japanese exclusion after Ambassador Hanihara's letter defining the "gentlemen's agreement" and warning of "grave consequences" had been sent to Congress.

Comment on the President's attitude toward the bill had been lacking since their passage at the White House and the state department. It has been suggested that the President might veto the measure when it is submitted to him but some congressional leaders have predicted that he will give it his approval.

Differences in phraseology in the Asiatic exclusion and other provisions, in opinion of parliamentary observers, present an opportunity for considerable modification while the final draft is being worked out in conference. No sign has been given, however, to indicate the points of divergence at which either chamber may be expected to recede toward a compromise.

Quota Provisions

Provisions fixing immigration quotas at 2 percent on the basis of the 1890 census figures, as compared with 3 percent of the 1910 census figures, in the existing law, are retained in both bills, but exemptions for relatives of citizens and killed labor and families approved by the House were not adopted by the Senate. A "quota total" of 150,000 is estimated under the Senate bill while the House measure would limit 162,000 with a like number in the opinion of Senator Reed, Pennsylvania, allowed to enter under the provisions.

TO SEND NEW NOTE

Tokio, Japan, April 19.—Japanese ambassador Hanihara at Washington shortly will address new letter to Secretary Hughes in an effort to clarify Japan's attitude toward the American immigration legislation. It expressly disclaiming any intent to use of the words "grave consequences" to imply a threat or signify desire to interfere in domestic affairs of the United States, the Associated Press learned today on reliable authority. The new note, which is known Hanihara desires send, has been authorized. Assurance was given on the highest authority that the recall of Hanihara is not even being "seriously considered" by the Japanese government. It is pointed out that the recall would be a serious tactical error amounting actually to an admission that Japan's envoy actually had threatened the United States. Protesters, which is not the case, the government has reiterated that neither it nor Hanihara had any intention of threatening or seeking to coerce the United States in matters which Japan admits are domestic.

REHEARING IN FLOOD CASE IS REFUSED

The supreme court has denied rehearing in the Medora flood cases, in which administrators of the estates of Thomas Everett and A. O. McNeer sue the Northern Pacific railroad for damages as a result of the death of the two section men in a flood near Medora in 1921. They won judgment in the lower court, the judgment being reversed by the supreme court, which held that the railroad was not liable for damages. A rehearing of the case was asked, and argued, and the court's order adheres to its original opinion.

COAL INCREASE SAID DENIED

Minneapolis, April 19.—The Interstate Commerce Commission today sustained the objection of the Twin City Coal Exchange, representing independent coal dealers of the Twin Cities, to the proposed increase of \$1.68 a ton on the all-rail rate on anthracite coal from Buffalo to the Twin Cities, according to advice here.

ELECTED PRESIDENT

Minot, April 19.—Supt. J. N. Urness of Mohall, for the past year vice-president of the organization, today was elected president of the Northwest division of the North Dakota Education Association, at the concluding session of the 19th annual convention.

BEAUTY WILL BEAUTIFY PARKS

Miss Beatrice Ward, Washington beauty, has been appointed secretary of the National Conference on Parks and will have an active part in preservation of beauty spots and wild game.

JAP PRESS IS DIVIDED OVER ITS ATTITUDE

Editorials on American Citizenship Range From Conservative to Bitter Radical

Tokio, April 19.—Editorials in this morning's newspapers referring to America's Japanese exclusion legislation ranged from the conservative Chugai Shogyo's moderate and hopeful plea for self-restraint and the Jingo Yamato's insistence for forceful action.

Midway between the conservative and radical expressions the Asahi says:

"America must bear the responsibility for the virtual nullification of the four-power Pacific treaty and reversal of the world's tendency toward peace. This challenge is not only to Japan but to all the colored races."

Shinkichi Utsunomiya, notable national publicist, writing in the Kokumun, urges a Congress of colored races at Tokyo "not necessarily for a military alliance but for economic cooperation to maintain their interest."

SEN. WHEELER GIVES BOND

Appears Before United States Commissioner

Washington, April 19.—Senator B. K. Wheeler of Montana appeared before United States Commissioner MacDonald here today and furnished bond for \$1,000 for his appearance May 6 at Great Falls, Montana, to answer an indictment charging him with accepting money illegally for appearing before the Interior Department in land cases.

The Daugherty committee prosecutor went before the commissioner voluntarily after he was advised by the District Attorney's office that the indictment had been forwarded here with a request for service.

GRAFT CHARGES ARE DISMISSED

Oklahoma, April 19.—Judge A. S. Walton, sustained demurrers to J. C. Walton, deposed governor, to five charges of converting public funds, and freed Walton of all charges in state district court.

The charges have been pending five months.

Concluding the statement of his decision, Judge Walton said:

"I based by opinion solely upon the laws of Oklahoma and I hope that J. C. Walton will be fair enough to say that he got a square deal from at least one klanman."

Walton was charged with having caused T. P. Edwards, his personal chauffeur, to be paid with funds of the state health department.

M. P.'S DINE CHEAPLY

London, April 19.—"The cheapest and best restaurant in London," is the title given the dining room in both houses of parliament. The M. P.'s obtain a "cut from the pie," two vegetables and a dessert for 35 cents, or one shilling and tenpence.

Fair Weather For Easter Is Promise Made

Fair weather for Easter Sunday in Bismarck is the promise made by the weather bureau today, although gloowering skies during the morning with intermittent rain made the outlook for the annual fashion parade a bit gloomy.

However, the forecast both locally, and for North Dakota, is for fair weather, some colder.

Bismarck reported a fifth of an inch of rain fell last night, while rain also fell at many other places in the state last night.

CONVICTION IS UPHELD

Williams County Man Must Continue Serving Term

Harry Francis Kerns, sentenced from Williams county to a term of 10 years in the state prison on conviction on a charge of murder on a charge of his alleged wrecking of a Great Northern train, was denied freedom by the supreme court today.

Kerns was alleged to have removed a bolt which caused the wreck of a Great Northern train in Williams county on October 19, 1922, the engineer and brakeman being killed. He confessed to the deed, and in his appeal repudiated the confession, asserting it was obtained under threats and intimidation. The supreme court held the instructions of Judge Lowe in the lower court and the conduct of the case was proper.

COMPOSERS IN SHARP RETORT

Fight Dill Bill to Release Songs From Copyright For Radio

Washington, April 19.—Composers, authors and playwrights appeared today at a senate hearing for defeat of the Dill bill to release radio broadcasting stations from royalty imposition under the copyright laws. John Phillip Sousa and August Thomas were among those who voiced a protest against the measure.

"The Radio Corporation of America gets money, doesn't it?" queried Mr. Sousa, in a brief exposition of his position. "If they get money out of my tunes, I want some of it. That's all."

He had a "secret" to tell the committee, Mr. Sousa continued, and that was that the whole era of "mechanical music," by which he denominated phonographs as well as radio and other music rendering machines, had meant loss to composers.

"My royalties in the days when sheet music was all that was sold, used to run to \$50,000 a year," he added, "but they have never touched that figure since."

BOAT BEATS TRAIN

Vienna, April 19.—A motor boat to carry 60 passengers and baggage which will cover the distance from Vienna to Budapest—about 150 miles—in two and a half hours, is being completed near here. The fastest train takes four hours.

Governor to Attend Convention; Will Not Make Any Pre-convention Statement

DEMOCRATS ARE HAPPY

Campbell Says Most Democrats in State Wanted One Convention Only

Governor R. A. Nestos will attend the Republican convention to be held in Jamestown on Wednesday, April 23, he said today. While Governor Nestos will make no announcement of a formal candidacy for re-election for the Republican nomination for Governor, his name will go before the convention. The same is true with respect to Attorney General George Shafer and Commissioner of Agriculture and Labor J. A. Kitchin.

If the convention undertakes to endorse a candidate for the office of superintendent of public instruction, Miss Minnie J. Nielson's name will be presented. It is understood that Miss Nielson has decided to enter the primary race again.

CAMPBELL SATISFIED

A sigh of relief was breathed by many Democrats here after an announcement was made yesterday afternoon that a call for a one state-wide convention to meet in Bismarck April 29 would be made jointly by Mr. W. Woodledge and J. E. Campbell, each regarded as chairman of the Democratic state central committee by warring factions.

Mr. Campbell declared he was much pleased with the agreement under which a joint call would be issued.

"I believe that the majority of the Democrats of the state yesterday 'convinced' me," he said, "and this decision ought to make for harmony in the organization."

Whether Woodledge or Mr. Campbell will preside is a question yet to be determined.

CIRCULATE PETITIONS

Petitions are being circulated here pleading E. A. Williams of Burleigh county, pioneer of the territory and state, member of the territorial legislature, the constitutional convention and state legislature, in the race for the Republican nomination for Congress from the Second Congressional District. Mr. Williams also is president of the North Dakota Irrigation Congress.

While no petitions have as yet been filed with the Secretary of State placing candidates in the running, some petitions have been received for J. H. Sinclair for Congress from the Third district; F. A. Hellstrom and Joseph Coghlan of Bismarck for justice of the supreme court.

It is reported here that Judge C. J. Fisk of Minot, former justice of the state supreme court, would be a candidate for the one vacancy on the court. It also has been reported that in the event Judge Fisk is a candidate John Burke of Fargo will retire from the race.

DIVET CANDIDATE

A. G. Divet, Fargo attorney, has made a formal announcement that he is a candidate for election to the state legislature from the ninth district. His platform is in support of a vigorous and direct reduction of taxes in aggregate dollars.

"I shall stand for a policy of real and substantial reduction in public expenditures, both local and state," Mr. Divet declared recently. "As to the state, the most vigorous and direct reduction to be enforced by limitation of appropriations will have my support. I believe the state must also lend a steady hand in the local communities."

NO CLUE TO MISSING MAN

Fort Rice Farmer Last Seen on April 1

Mystery still surrounds the disappearance of Hyland Kietler, reported to have disappeared from the farm of Judge Nuchols north of Fort Rice, April 1. Nothing has been seen or heard of him.

It was reported by authorities that Kietler's little girl on the morning of April 1 told him to look out the window and see a big wolf and when he did she cried "April fool." He is reported to have turned back to the breakfast table and remarked, "before the day is over I'll find you all."

Some neighbors fear he committed suicide.

Crow Hunt On

The second phase of the Burleigh county crow hunt will be on tomorrow, when members of the two competing teams will go after more crows. Crows must be turned in each Monday before noon in the rear of the French and Welch Hardware store, under the rules.

LEGION'S HEAD IS AGAINST A CASH PAYMENT

Commander Quinn Favors Insurance Provision as Now Embodied in the Bill

THINKS CHANGE UNWISE

Believes That Cash Payment Restoration Would Endanger Bill's Success

Washington, April 19.—The American Legion today endorsed the insurance soldiers' bonus bill taken up by the Senate. In a message to each Senator Commander Quinn asked that no attempt be made on the floor to amend the pending bill.

Commander Quinn mentioned specifically the proposed amendment by finance committee Democrats for a full cash payment option and expressed the belief that if it were adopted chances of the bonus bill becoming law would be endangered.

Washington, April 19.—(By the A. P.)—The Senate today took up the soldiers' bonus bill with the Democrats still uncertain whether to fight for inclusion of a full cash payment option.

The bill reported from the Senate finance committee only a week ago, passed by the House with cash payments restricted to Veterans not entitled to more than \$50 under its terms, was made the order of business last night on motion of Senator Curtis, Republican, Kansas, Senator King, Democrat, Utah, urging immediate action on the tax reduction bill, cost the only vote against immediate consideration of the bonus measure. Democratic leaders held conferences last night and again today in efforts to determine a party stand on the full cash payment option question, and meanwhile Democratic members of the Finance committee withheld a minority report on the bill favoring such action, Senator Walsh, Massachusetts, a Democratic member of the committee, however, said he might press a substitute bill providing full cash payments in addition to the insurance provision of the present bill.

OIL COMPANY DENIES BILL

Answer Filed to Suit to Cancel Teapot Dome Lease

Cheyenne, Wyo., April 19.—The Mammoth Oil Company's answer to the government's suit for annulment of the lease on Teapot Dome oil reserve was filed today.

The answer contains sweeping denial of all charges of collusion and fraud contained in the government bill of equity and asserts that the lease on the reserve is legal and valid.

The answer contains 33 paragraphs, each of which refers to corresponding sections in the government bill. Numerous sections admit the allegations set forth in the corresponding section of the government's bill but allegations attacking the validity of the Sinclair corporation's lease are denied.

No demurrer to the government bill or any other form of motion having been filed by the Mammoth company except that contained in its answer, the issue between the government and the holder of the Teapot Dome lease is joined and the case would be set for hearing in accordance with the rules of equity pleading.

TO REARGUE GRAIN CASE

The state railroad commission, in a supplementary order today, granted the application of railroad for rehearing and reargument of the intra-state grain rate case, but announced no additional testimony would be received. The commission has suspended its order decreasing intra-state grain rates to July 1, pending final disposition.

FORECAST FOR NEXT WEEK

Washington, April 19.—Weather outlook for the week beginning Monday Upper Mississippi Valley—Generally fair Monday and probable Tuesday and considerable cloudiness and occasional showers thereafter; temperature slightly below normal at beginning and latter part and about normal middle of week.

Would Reduce Railroad Hours

Chicago, April 19.—A decision expected to reduce working hours of railroad yardmasters and yardmen from 12 to 9 hours was made today by Federal Judge Cliffe in the case of the Interstate Commerce Commission against the Atchison, Topeka and Santa Fe Railway.

ROTARY BANNERS FROM ALL OVER WORLD TO BE SHOWN AT CONFERENCE

Committee Receives Unusual Decorations for Ninth District Conference Here Next Week—Many From England and Scotland—Other Decorations Plans Given

Rotary flag and banner emblems from all over the world will be a part of the decorations for the Ninth district Rotary conference in Bismarck next Thursday and Friday.

Hundreds of banners have been received by the general committee from the Michigan, Indiana, Rotary club, which sought banners from all Rotary clubs. Many beautiful and novel designs are worked in the banners.

Among them is a banner of the Harrogate, England, Rotary club which announces, it has "The 100 per cent British Spa." Another is from Dunbar, Washington, has a banner with a great red apple on it, while Houston, Texas, Toronto, Canada, and many other cities have beautiful banners.

These will be supplemental decorations in the luncheon rooms during the two days of the convention, all the Rotarians will be served at two luncheons, to be held in the McKenzie hotel dining room and the hotel ballroom.

LIGNITE CASE HEARING WILL RESUME MONDAY

Vanguard of Battery of Experts Expected to Reach Bismarck Tomorrow

The Vanguard of contending forces in the North Dakota lignite coal rate case, hearing of which will be resumed here Monday morning in the United States Court before an examiner for the Interstate Commerce Commission and the North Dakota state railroad commission, will arrive here tomorrow. A battery of legal experts representing the railroad, the states of South Dakota, Minnesota and North Dakota, coal dock operators and North Dakota operators will contend at the trial over the proposed increase in rates of approximately 50 percent.

It was announced after the first phase of the case—the presentation by carriers—had been made in February that when the hearing was resumed the coal dock operators, who favor the increase, would be the first to present their case on resumption. They will be followed by the North Dakota Lignite Coal Operators' Association and the state representatives.

Stanley B. Hawk, Minneapolis commerce attorney, will represent the operators. V. E. Smart of Jefferson City, Missouri, former traffic expert for the North Dakota commission; E. M. Hendricks, present expert and Rate Expert Kelley of the South Dakota commission, will be witnesses, it is expected. The hearing may continue for several days, it is indicated.

The state of North Dakota, aside from its interest in the development of lignite and protection of consumers, is being brought into the case through statements by railroad commission experts that the proposed increase would amount to about \$37,000 a year to state institutions, which are required by law to use lignite coal. It is also said by railroad commission experts that the total increase asked by the railroads approximates \$300,000 annually, most of which would be paid by North Dakota, since the bulk of the lignite coal produced is consumed within the borders of this state.

BOOST SAID \$500,000

While the Rotary club committee has gone to great lengths to provide an attractive decoration, the assistance of individual citizens is provided in giving the city a carnival air for the two days of the convention.

HARRINGTON IS INDORSED FOR SENATOR

Three Are Indorsed For Representatives in Next Legislative Session

P. G. Harrington of Bismarck, representative in the last session of the legislature, was indorsed for state senator from Burleigh county by J. M. Sperry, incumbent, by the Republican county convention this afternoon.

Mrs. C. W. Mues of Bismarck, Herbert Aseltine of Moffit and J. M. Thompson of Wilton were indorsed as candidates for the legislature, three to be elected from this county.

Mr. Harrington was named over Mr. Sperry by a vote of 40 to 35 in the convention. The result of the balloting for representative was Mrs. C. W. Mues, 60; Mr. Aseltine, 54; J. M. Thompson, 50; L. E. Heaton, McKenzie, incumbent, 23; A. L. Barnes, Reagan, 24.

The convention got under way under the chairmanship of E. T. Burke, with Mrs. R. A. Tracy as secretary. Delegates to the Jamestown convention had not been selected at 4 p. m.

WOULD MAKE LIGHT CARS

Atterbury Proposes Aluminum Alloy for Railroads

Washington, April 19.—W. W. Atterbury, vice-president in charge of one of the Pennsylvania railroad, told the Senate agriculture committee today that the Hooker White-Aluminum proposal was accepted, he planned to produce an alloy of aluminum and magnesium for the manufacture of railroad cars.

He claimed that with this strong light material he could transport 50 percent heavier loads in freight cars and 10 percent in passenger cars. This material was used in German zeppelins during the war, he added.

"The statement has been made," Bowen said, "that the people are for the Ford bill. As a matter of fact, the people are not informed on the proposition."

BANK CLOSED

The First State Bank of Tower City, capital stock \$15,000, surplus \$4,000 and deposits of \$14,000, has been closed, it was announced by the state banking department today.

CONFERENCE TO BE HELD TO FIND BEST METHODS OF BOOSTING STATE

A state-wide conference to determine the best method of "telling the truth" about North Dakota and bringing a good class of settlers into the state will be held at Valley City on May 15 under the auspices of the Greater North Dakota Association, according to a decision of the executive committee of that association in Valley City yesterday. J. M. Devine, commissioner of immigration said today.

Rotary clubs and other representative citizens are expected to participate in the conference, which will be one of the most important held in North Dakota from the standpoint of securing united efforts to boost the state, Mr. Devine said.

The Greater North Dakota Association was formed recently in Valley City for the purpose of securing united effort in advertising the state to the outside world.

Called Forth Message of Caution From President Against Tight Restrictions

VOTE MORE MONEY

Washington, April 19.—An additional appropriation of \$1,500,000 would be available to fight the foot and mouth disease among California livestock under a resolution passed today by the House. The measure was sent to the Senate by unanimous viva voce vote.

CRITICIZES AUTHORITIES

Phoenix, Ariz., April 19.—Action of the authorities of Imperial county, California, in giving "illegal and violent advice and leadership to autoists who stormed the Arizona blockade at Yuma last night" was vigorously protested by Governor Hunt in a message to Gov. Richardson of California.

COOLIDGE WARNS HUNT

Phoenix, Arizona, April 19.—Governor C. W. P. Hunt of Arizona early today lifted the foot and mouth disease blockade at Yuma to permit the passage into this state of approximately 800 motorists reported in a pitiful condition as a result of their being held on the California side of the state line without camping equipment or sufficient food.

In a telegram to Dr. E. L. Stam, in charge of the quarantine at Yuma, the Governor stated he felt it would be safer "to have these people pass after a thorough inspection and good fumigation than to have them rush the guard."

"I do not want to see any bloodshed but we must use every precaution possible," the message continued. "Owing to the very serious situation as reported in your telephone message and the non-arrival of the military, you are authorized to issue permits after thorough inspection and fumigation, to persons that are now stranded on the California side. As soon as this is done have the embargo closed again, as I realize what menace it would be to Arizona to have this dreadful disease get a foothold."

COOLIDGE WARNS HUNT

Washington, April 19.—President Coolidge in a message to Governor Hunt of Arizona warned him against restrictions imposing too great hardships on tourists.

The President's message follows:

"The federal department of agriculture is acting vigorously to control the foot and mouth disease and is endeavoring to prevent infected areas and preventing movement of disease carrying animals and commodities. The department has had experience with three previous outbreaks, the last one being much more severe than at present and its control measures are based on this experience.

"In view of the foregoing, I feel that some quarantine measures now imposed by states touching California are altogether more severe than necessary and should be relaxed from the disease."

I suggest immediate conference of authorities of the states interested and the modification of quarantine regulations to meet requirements necessary to furnish full protection. Nothing will be left undone by federal authorities to eradicate the disease and prevent its spread. No diseased carrying shipments are permitted from infected territory. In view of this I suggest that other states should not interfere with necessary movement of farm commodities from territories not affected. Unnecessary losses should not be incurred because of unnecessary quarantine."

CUT BARRIERS

El Centro, Calif., April 19.—Officials of Imperial County, California, yesterday, cut the barrier that held upwards of 800 autoists and autoists, blocked by Arizona's foot and mouth quarantine order, perched on the desert, because the blockade was interfering with regular traffic on the Centro to Yuma California state highway, according to a statement issued here by District Attorney E. R. Little.

The district attorney declared that he and Sheriff C. L. Gullett gave the order to cut the barrier. Any further interference with Imperial Valley highway traffic will be not be tolerated, he said.

HARDSHIPS WORKED

Washington, April 19.—The federal government shortly will call a conference of representatives of California and neighboring states in an endeavor to obtain an agreement with respect to state embargoes against the foot and mouth disease. The department of agriculture through the conference, will endeavor to obtain an agreement which will permit California products to be shipped outside the state and at the same time provide protection to the neighboring states against the disease. Believes That Cash Payment Restoration Would Endanger Bill's Success

Washington, April 19.—The American Legion today endorsed the insurance soldiers' bonus bill taken up by the Senate. In a message to each Senator Commander Quinn asked that no attempt be made on the floor to amend the pending bill.

Commander Quinn mentioned specifically the proposed amendment by finance committee Democrats for a full cash payment option and expressed the belief that if it were adopted chances of the bonus bill becoming law would be endangered.

Washington, April 19.—(By the A. P.)—The Senate today took up the soldiers' bonus bill with the Democrats still uncertain whether to fight for inclusion of a full cash payment option.

The bill reported from the Senate finance committee only a week ago as passed by the House with cash payments restricted to Veterans not entitled to more than \$50 under its terms, was made the order of business last night on motion of Senator Curtis, Republican, Kansas. Senator King, Democrat, Utah, urging immediate action on the tax reduction bill, cast the only vote against the measure. Democratic leaders held conferences last night and again today in efforts to determine a party stand on the full cash payment option question, and meanwhile Democratic members of the Finance committee withheld a minority report on the bill favoring such action.

Senator Walsh, Massachusetts, a Democratic member of the committee, however, said he might press a substitute bill providing full cash payments in addition to the insurance provisions of the present bill.

OIL COMPANY DENIES BILL

Answer Filed to Suit to Cancel Teapot Dome Lease

Cheyenne, Wyo., April 19.—The Mammoth Oil Company's answer to the government's suit for annulment of the lease on Teapot Dome oil reserve was filed today.

The answer contains sweeping denial of all charges of collusion and fraud contained in the government bill of equity and asserts that the lease on the reserve is legal and valid.

The answer contains 33 sections, each of which refers to correspondence between the government and the Mammoth Oil Company except that contained in its answer, the issue between the government and the holder of the Teapot Dome lease is joined and the case would be set for hearing in accordance with the rules of equity pleading.

TO REARGUE GRAIN CASE

The state railroad commission, in a supplementary order today, granted the application of railroad for rehearing and reargument of the intrastate grain rate case, but announced no additional testimony would be received. The commission has suspended its order decreasing intrastate grain rates to July 1, pending final disposition.

FORECAST FOR NEXT WEEK

Washington, April 19.—Weather outlook for the week beginning Monday Upper Mississippi Valley—Generally fair Monday and probably Tuesday and considerable cloudiness and occasional showers thereafter; temperature slightly below normal at beginning and latter part and about normal middle of week.

Would Reduce Railroad Hours

Chicago, April 19.—A decision expected to reduce working hours of railroad yardmasters and yardmen from 12 to 9 hours was made today by Federal Judge Cliffe in the case of the Interstate Commerce Commission against the Atchison, Topeka and Santa Fe Railway.

ROTARY BANNERS FROM ALL OVER WORLD TO BE SHOWN AT CONFERENCE

Committee Receives Unusual Decorations for Ninth District Conference Here Next Week—Many From England and Scotland—Other Decorations Plans Given

Rotary flag and banner emblems from all over the world will be a part of the decorations for the Ninth district Rotary conference in Bismarck next Thursday and Friday. Hundreds of banners have been received by the general committee from the Michigan, Indiana, Rotary Club, which sought banners from all Rotary clubs. Many beautiful and novel designs are worked in the banners.

Among them is a banner of the Harrogate, England, Rotary club, which announces it has "The 100 per cent British Spirit." Another is from Dunfries, Yakkima, Washington, has a banner with a great red apple on it, while Houston, Texas; Toronto, Canada, and many other cities have beautiful banners.

These will be supplemental decorations in the luncheon rooms. During the two days of the convention, all the Rotarians will be served at two luncheons, to be held in the McKenzie hotel dining room and the hotel ballroom.

LIGNITE CASE HEARING WILL RESUME MONDAY

Vanguard of Battery of Experts Expected to Reach Bismarck Tomorrow

BOOST SAID \$500,000

The Vanguard of contending forces in the North Dakota lignite coal case, hearing of which will be resumed here Monday morning in the United States Court before an examiner for the Interstate Commerce Commission and the North Dakota state railroad commission, will arrive here tomorrow. A battery of legal experts representing the railroads, the states of South Dakota, Minnesota and North Dakota, coal dock companies, Wyoming and Montana coal operators and North Dakota operators will contend at the trial over the proposed increase in rates of approximately 50 percent.

It was announced after the first phase of the case—the presentation by carriers—had been made in February that when the hearing was resumed the coal dock operators, who favor the increase, would be the first to present their case on resumption. They will be followed by the North Dakota Lignite Coal Operators' Association and the state representatives.

Stanley B. Houck, Minneapolis commerce attorney, will represent the operators. V. E. Smart of Jefferson City, Missouri, former traffic expert for the North Dakota commission; E. M. Hendricks, present expert and Rate Expert Kelley of the South Dakota commission, will be witnesses, it is expected. The hearing may continue for several days, it is indicated.

The state of North Dakota, aside from its interest in the development of lignite and protection of consumers, is being brought into the case through statements by railroad commission experts that the proposed increase would amount to about \$37,000 a year to state institutions, which are required by law to use lignite coal. It is also said by railroad commission experts that the total increase asked by the railroads approximates \$500,000 annually, most of which would be paid by North Dakotans, since the bulk of the lignite coal produced is consumed within the borders of this state.

URGES U. S. TO TAKE SHOALS

Nonpartisan League Lecturer Testifies in Washington

Washington, April 19.—Government operation as a solution to the Muscle Shoals question was urged on the Senate agricultural committee by R. D. Bowen, national lecturer for the Nonpartisan League.

Bowen said the Ford bid was better than the Hooker bid which the committee now has under consideration, but that he opposed the Ford offer as a proposed sale of the "nation's birthright."

"The statement has been made," Bowen said, "that the people are for the Ford bid. As a matter of fact the people are not informed on the proposition."

CONFERENCE TO BE HELD TO FIND BEST METHODS OF BOOSTING STATE

A state-wide conference to determine the best method of "telling the truth about North Dakota," and bringing a good class of settlers into the state will be held at Valley City on May 15 under the auspices of the Greater North Dakota Association, according to a decision of the executive committee of that association in Valley City yesterday, J. M. Devine, commissioner of immigration said today.

Railroad executive, representatives of civic organizations, Kiwanis and Rotary clubs and other representative citizens are expected to participate in the conference, which will be one of the most important held in North Dakota from the standpoint of securing united efforts to boost the state, Mr. Devine said.

The Greater North Dakota Association was formed recently in Valley City for the purpose of securing united effort in advertising the state to the outside world.

Called Forth Message of Caution From President Against Tight Restrictions

VOTE MORE MONEY

Washington, April 19.—An additional appropriation of \$1,500,000 would be available to fight the foot and mouth diseases among California livestock under a resolution passed today by the House. The measure was sent to the Senate by unanimous viva voce vote.

CRITICIZES AUTHORITIES

Phoenix, Ariz., April 19.—Action of the authorities of Imperial county, California, in giving "illegal and violent advice and leadership to autoists who stormed the Arizona blockade at Yuma last night was vigorously protested by Governor Hunt in a message to Gov. Richardson of California.

Phoenix, Arizona, April 19.—Governor G. W. P. Hunt of Arizona early today lifted the foot and mouth disease blockade at Yuma to permit the passage into this state of approximately 800 motorists reported in a pitiful condition as a result of their being held on the California side of the state line without camping equipment or sufficient food.

In a telegram to Dr. E. L. Stam, in charge of the quarantine at Yuma, the Governor stated he felt it would be safer "to have these people pass after a thorough inspection and good fumigation than to have them rush the guard."

"I do not want to see any bloodshed but we must use every precaution possible," the message continued. "Owing to the very serious situation as reported in your telephone message and the non-arrival of the military, you are authorized to issue permits after thorough inspection and fumigation, to persons that are now stranded on the California side. As soon as this is done have the embargo closed again, as I realize what a menace it would be to Arizona to have this dreadful disease get a foothold."

COOLIDGE WARNS HUNT

Washington, April 19.—President Coolidge in a message to Governor Hunt of Arizona warned him against restrictions imposing too great hardships on motorists.

The president's message follows: "The federal department of agriculture is acting vigorously to control the foot and mouth disease and is rigidly quarantining infected areas and preventing movement of disease carrying animals and commodities. The department has had experience with three previous outbreaks, the last one being much more severe than at present and its control measures are based on this experience."

"In view of the foregoing, I feel that some quarantine measures now imposed by states touching California are altogether more severe than necessary to fully safeguard them from the disease."

"I suggest immediate conference of authorities of the states interested and the modification of quarantine regulations to meet requirements necessary to furnish full protection. Nothing will be left undone by federal authorities to eradicate the disease and prevent its spread. No disease carrying shipments are permitted from infected territory. In view of this I suggest that other states should not interfere with necessary movement of farm commodities from territory not affected. Unnecessary losses should not be incurred because of unnecessary quarantine."

CUT BARRIERS

El Centro, Cal., April 19.—Officials of Imperial county, California, yesterday, cut the barriers that held upwards of 800 eastbound autoists, blocked by Arizona's foot and mouth quarantine order, penned on the desert, because this blockade was interfering with regular traffic on the Centro to Yuma California state highway, according to a statement issued here by District Attorney E. R. Utley.

The district attorney declared that he and sheriff C. L. Gillett gave the order to cut the barriers. Any further interference with Imperial Valley highway traffic will not be tolerated, he said.

HARDSHIPS WORKED

Washington, April 19.—The federal government through the department of agriculture sharply will call a conference of representatives of California and neighboring states in an endeavor to obtain an agreement with respect to state embargoes against the foot and mouth disease. The department of agriculture through the conference, will endeavor to obtain an agreement which will permit California products to be shipped outside the state and at the same time provide protection to the neighboring states against the disease. Present Ebb Is Not To Be Taken Seriously, Treasury Head Believes

Washington, April 18. Secretary Mellon, regarding present business conditions, is not at all alarmed, but considers the situation as not highly consequential, it was said at the treasury where it was disclosed also that the general situation had been discussed at a recent cabinet meeting. Most of the cabinet, it was said, had the same view as the treasury head who believes that there is sufficient work to do in stimulating the economy, and that the present tendency towards a lessening in activity.

The credit situation, as regarded by Mr. Mellon, is good and indications of the type are good to little extent, prevailing for some time with the reduction rate of the federal reserve bank.

The cabinet generally believe, it is stated, that the administration efforts toward relieving agriculture

DEPOSIT RULE BEFORE BOARD IN LOCAL CASE

Hughes Electric Asks Power To Require Deposits From Utility Patrons

The state railroad commission has under consideration the application of the Hughes Electric Company of Bismarck for approval of new meter deposit rules, a hearing on which was held yesterday afternoon at the railroad commission office.

C. L. Young, city attorney, appeared on instruction of the city commission and in behalf of individual patrons made against the proposed rules. W. T. Kraft testified for the utility and was questioned by E. B. Cox.

The proposed rules are that the utility shall have power to require from all steam heat consumers a minimum deposit of \$50 and when the company is not necessary to protect itself from loss, a deposit may be required for each meter of the average bill for steam over a six weeks period. That for electric service it may require a deposit of \$5 for each consumer whose bill is estimated, and for all others a minimum deposit of \$5.00 and if necessary a deposit equal to an average six weeks bill.

Mr. Young said that all people he had talked to on the matter agreed that the utility ought to be given power to protect itself from loss, and that the proposed rules were excellent and who have been paying their bills regularly for several weeks, these objecting to the utility giving power to exact the deposits provided for in the application.

He said it also was represented that if the deposits were received by the company it would amount to much money—some have estimated \$50,000—and would be substantially all the working capital needed for the company, and therefore this ought to be taken into consideration in rate-making.

He said that he did not believe there would be objection if the rule were enforced wisely. W. T. Kraft, testifying for the company, said that the matter would not be retroactive—that the company would not require deposit of those who had been paying bills regularly in the past and are consumers, but that it would be applied when the utility thought necessary for new individuals and consumers, and any prevent consumers who failed to pay bills.

The application of the utility said that a meter deposit was unnecessary from a probably a great majority of patrons to insure prompt payment, that only a small percentage were not financially liable and that the rules were proposed for the benefit of the patrons who pay bills and the utility. It stated also that it would be glad to join a modification of the rules, if the commission has power to grant discretionary application of them, to obviate difficulties.

Chairman Milhollan said there was a question as to whether or not the commission could grant power for the enforcement of the rule against some people and not against others.

case which has caused considerable loss in several California counties. Federal officials have been moved to undertake such a conference because of the embarrassing situation which has arisen along the California borders by reason of embargoes placed by California neighbors against shipments and even automobile traffic.

The cabinet at yesterday's session was informed by Secretary Wallace that the imperial valley cantaloupe shipping season soon would begin and that unless the embargo was remedied through mutual agreement by the states considerable loss might accrue to imperial valley farmers in sections where no outbreak of the disease has been discovered.

MOB RUSHES GUARDS
Yuma, Ariz., April 19.—The California motorcade swept by the guards into Arizona last night.

Riot calls were turned in, and every available officer in Yuma county and the fire department was hurried to the bridge bent on stopping the rush. Some excitement prevailed in Yuma and several thousand persons crowded to points near the bridge. None of the bridge inspectors and guards were armed. There was no shooting.

Lines of fire hose were brought out by firemen to be used in directing streams of water against the mob.

MARKET NEWS

NEW UPTURNS ON WHEAT MART

Possibility of Temporary Advances Helps

Chicago, April 19.—Material fresh upturns in wheat took place today soon after business began. Chances that perhaps temporary sharp advances in grain values would result from legislation at Washington expected to be the chief influence.

Smallness of wheat receipts at Kansas City, together with the report of crop damage in the winter wheat belt east of the Mississippi were also given considerable attention as well as new high records for prices and sterling.

Initial prices which ranged from one-eighth cent lower to three-eighths to one-half cent higher, May \$1.02 1/2 to \$1.03 1/2 and July \$1.03 1/2 to \$1.04 1/2, were followed by gains all around. Subsequent bullish estimates of the world's probable carry over of wheat at the end of the crop season this year gave additional strength to the market. Closing prices were 1/2 cent, one and three-eighths cents to 1 1/2 cents higher, May \$1.04 5/8 to \$1.05 3/4 and July \$1.06 5/8 to \$1.07 1/4.

ST. PAUL LIVESTOCK

South St. Paul, April 19.—(By the A. P.)—Demand for stock and feeder cattle this week had exceeded the supply and the market for finished material closed 25 cents or more higher on the average despite some losses on beef cattle, according to a weekly review of market conditions made public today by the United States Department of Agriculture. Fancy selections are quoted

able up to \$8.00, with several loads of choice westerns this week at \$7.75 and \$8.00. Bulk of the stockers and feeders selling between \$5.50 and \$7.00.

Shipper competition for beef steers selling up around \$10.00 and above has aided sellers in maintaining steady levels on such kind while the general run of steers and yearlings closed about one-fourth lower. Trade spreads of \$7.00 to \$8.50 caught the bulk of the common and medium grades, with a fair showing of the better grades between \$9.00 and \$10.50. Head upward to \$11.00.

Most fat cows and heifers lost 25 cents, some showing greater losses. Bulk of the fat stock moved at \$4.00 to \$7.00; canners and cutters from \$2.75 to \$3.50. Bologna bulls prices sagged late Wednesday and Thursday and closed about 25 cents under last week, bulk \$4.00 to \$4.50. Veal calves dropped 75 cents to \$1.00 early in the week, closing bulk of best lights \$8.00 to \$8.25.

The hog situation showed little change of consequence. Receipts are gradually dropping off but this fact or has not caused any material shifting of prices. Big packers continue bearish and have been bucking any advances this week.

Most of the butcher and bacon hogs finished at \$7.15, a few sorted 160 to 180 pound averages to shippers \$7.20 and occasional loads of low desirable or exceptionally heavy butchers around \$7.00. Rough packing hogs went mostly at \$6.25, bulk feeding higher \$6.50 to \$6.75.

Compared with week ago fat lambs and sheep 25 cents to 50 cents lower; week's best prices fat lambs \$15.30; bulk \$15.00 to \$15.50. Top ewes \$11.00; bulk \$10.00 to \$11.00. Bucks \$7.00 to \$7.50; top spring lambs \$25.

CHICAGO LIVESTOCK

Chicago, April 19.—Cattle receipts 500. For week, choice beef steers and most grades steady. Other beef steers and light beef heifers 25 to 40 cents lower. Sheep receipts 2,000. Receipts mostly direct. Few sales good clipper lambs \$14.35.

Hog receipts 3,000. Sales mostly steady. Bulk good and choice 240 to 310 pound butchers \$7.50 to \$7.60.

TAXPAYERS OF SIOUX COUNTY FOR ECONOMY

Meeting Held at Ft. Yates Passes Resolutions Urging Drastic Cuts

Ft. Yates, April 18. Resolutions adopted by a mass meeting of citizens here, called under the auspices of the Commercial Club of Ft. Yates, have been published in leaflet form for the study of taxpayers in Sioux County and elsewhere.

L. G. Beede was elected chairman of the mass meeting and J. C. Shields was secretary. The resolutions adopted follow:

Whereas, Conditions as such throughout the nation and state, generally, and in Sioux County particularly, that the taxpayers and farmers are each year called upon to pay more and more taxes notwithstanding the fact that the purchasing value of the farmer's dollar has been steadily decreasing, and

Whereas, the total property taxes in Sioux County this last year have increased more than 26 per cent over those of the previous year, a greater increase than in any other county in the state, and

Whereas, Sioux County is especially handicapped by reason of the fact that this county has a smaller valuation and a smaller number of taxpayers than any other county of the state, and

Whereas, an emergency exists, not only in this county, but throughout the nation, it being of vital importance for the interest of the county as a whole as well as every individual taxpayer in the county, that something be done immediately, not only to check any further increase but to reduce the present high rate of taxation and

Whereas, it is the constitutional right of all American citizens to peacefully assemble and petition for relief of grievances, now, therefore, Be It Resolved, by the citizens and taxpayers of Sioux County, meeting in a public mass meeting at the Court House in Fort Yates, Sioux County, North Dakota, this 21st day of March, that we make the following suggestions and recommendations, and adopt the following suggestions to the end that state and local governing bodies as well as other citizens of our state may take such action as will result in a reduction of taxes:

I. This mass meeting, wishes to go on record as heartily approving of the proposed Initiative Tax Law, which is being advocated by the State Tax Payers Association.

II. This meeting recommends to the state legislature and to the citizens of such counties of the state having a population of less than 6000, that some action be taken to do away with the duplication of inspection of

schools by the office of County Superintendent of Schools and the office of the State Superintendent of Public Instruction.

III. This meeting recognizes the necessity of eliminating from the requirements of County government certain non-essentials now required of all counties, or at least allowing the smaller counties in the state to dispense with them.

IV. That the State auto tax collection system be abolished. Collection of auto taxes to be left with county officials, and that moneys received for auto taxes to be used within the counties where collected.

V. That the State system of inspection of pool halls, elevator, hotels, restaurants, stores and rural schools be consolidated and curtailed in the interest of economy.

VI. That bonding of the State should not be indulged in except when urgently necessary.

VII. That great care be taken to make safe loans and that rates of interest be charged borrowers so that losses may be taken care of without loss to the taxpayers of the state.

VIII. That we recommend to the Educational Department of our State, the temporary elimination from our school courses of subjects unnecessary to a strong fundamental education, viz: such subjects as zoology, physics, chemistry, domestic science, manual training, psychology and sociology.

IX. We recommend the doing away with small classes, the standardization of High School courses to a greater degree and the doing away with electives in high schools of the smaller cities and villages.

X. We recommend the consolidation of elections.

XI. That State and County officers be elected once in four years.

XII. That the Legislature meet once in four years unless on call of the Governor.

XIII. That the Legislature cease tinkering and amending the laws and reduce the number of laws.

XIV. That our county, school and local officials reduce their expenditures of public moneys; and that if they are not in sympathy with and responsive to this demand of the people and are unwilling to cooperate and to do their share in effectuating this reduction, that they resign their offices and make room for such as are willing to carry out the wishes of the taxpayers of this county.

XV. That the county road and bridge levy be cut to a nominal amount and all construction of roads and bridges not already provided for be stopped, and only emergency work be done.

XVI. That the county pay no expenses of county officers attending state conventions.

XVII. That county officers leaving their offices on vacations or otherwise be

required to return to the county the salary they collect, less the amount they have paid a substitute.

XVIII. That all county officers be required to work at least eight hours per day; that where the work of their office does not require that much time they be requested by the county commissioners to devote a specified amount of their time assisting other county officers needing help.

XIX. That the county commissioners allow no bills unless they are itemized and there are proper vouchers filed.

XX. That steps be taken to reduce teacher's salaries.

XXI. That high schools be abolished in the smaller cities and villages.

XXII. That we recommend to the Legislature that laws be passed so that taxes from railroads and other public service corporations may be distributed over the entire county.

XXIII. That the penalty and interest on delinquent taxes be reduced to a rate that will reimburse the county for getting and collecting the money, and not to exceed 10 per cent.

XXIV. That copies of these resolutions be furnished to the two newspapers in Sioux County, The Bismarck Tribune, to the County Commissioners, to each of the governing boards of the county, to each member of the State Legislature when their election is known.

That all county officers be required to work at least eight hours per day; that where the work of their office does not require that much time they be requested by the county commissioners to devote a specified amount of their time assisting other county officers needing help.

DEPOSIT RULE BEFORE BOARD IN LOCAL CASE

Hughes Electric Asks Power
To Require Deposits From
Utility Patrons

The state railroad commission has under consideration the application of the Hughes Electric Company of Bismarck for approval of new meter deposit rules, a hearing on which was held yesterday afternoon at the railroad commission offices.

C. L. Young, city attorney, appeared on instruction of the city commission and in behalf of individual protests made against the proposed rules. W. T. Kraft testified for the utility and was questioned by E. B. Cox.

The proposed rules are that the utility shall have power to require from all steam heat consumers a minimum deposit of \$50 and when the company finds it necessary to protect itself from loss, a deposit may be required for each meter of the average bill for steam over a six weeks' period. That for electric service it may require a deposit of \$5 for each consumer whose bill, it is estimated, will not exceed \$5 for six weeks, and for all others a minimum deposit of \$5.00 and if necessary a deposit equal to an average six weeks' bill.

Mr. Young said that all people he had talked to on the matter agreed that the utility ought to be given power to protect itself from loss, and that the protest was from firms and individuals whose credit is excellent and who have been paying their bills regularly for several weeks, thus objecting to the utility being given power to exact the deposits provided for in the application.

He said it also was represented that if the deposits were received by the company it would amount to \$50,000—and would be substantially all the working capital needed for the company, and therefore this ought to be taken into consideration in rate-making.

He said that he did not believe there would be objection if the rule were enforced wisely.

W. T. Kraft, testifying for the company, said that the matter would not be retroactive—that the company would not require deposit of those who had been paying bills regularly in the past and are consumers, but that it would be applied when the utility thought necessary for new individuals and consumers, and any present consumers who failed to pay bills.

The application of the utility said that a meter deposit was unnecessary from previously a great majority of patrons to insure prompt payment, that only a small percentage were not financially liable and that the rules were proposed for the benefit of the patrons who pay bills and the utility. It stated also that it would be glad to join a commission of the rules, if the commission has power to grant discretionary application of them, to obviate difficulties.

Chairman Milhollan said there was a question as to whether or not the commission could grant power for the enforcement of the rule against some people and not against others.

case which has caused considerable loss in several California counties. Federal officials have been moved to undertake such a conference because of the embarrassing situation which has arisen along the California borders by reason of embargoes placed by California's neighbors against shipments and even automobile traffic.

The cabinet at yesterday's session was informed by Secretary Wallace that the imperial valley cantaloupe shipping season soon would begin and that unless the embargo was remedied through mutual agreement by the states considerable loss might accrue to imperial valley farmers in sections where no outbreak of the disease has been discovered.

MOB RUSHES GUARDS

Yuma, Ariz., April 19.—The California motorcade swept by the guards into Arizona last night. Riot calls were turned in, and every available officer in Yuma county and the fire department was hurried to the bridge bent on stopping the rush. Tense excitement prevailed in Yuma and several thousand persons crowded to points near the bridge. None of the bridge inspectors and guards were armed. There was no shooting.

Lines of fire hose were brought out by firemen to be used in directing streams of water against the mob.

Chicago, April 19.—(By the A. P.)—Johnny Evers today was appointed manager of the Chicago White Sox, succeeding Frank Chance, who was ordered to return to California because of his health.

Chance was ordered by his physician to return to California to recuperate from illness which prevented him from assuming charge of the club this season. The physician said that Chance probably would be unable to return this year.

KRAUSE WILL BOX IN CITY ON APRIL 28

"Bat" Krause announced today that he expects to box Bates Cunningham of St. Paul, a fast welterweight who has boxed Pinky Mitchell, Morris Schaffer, Al Van Ryan and others in Bismarck on April 28. Krause is willing to take on Ralph McCann, local boy, in May, he says.

Cunningham will arrive here about April 24 to work out for the bout on the 28th. Krause is now in training here, doing road work every morning at 6 a. m. and boxing during the day with local boys.

MARKET NEWS

NEW UPTURNS ON WHEAT MART

Possibility of Temporary Advances Helps

Chicago, April 19.—Material fresh upturns in wheat took place today soon after business began. Chances that perhaps temporary sharp advances in grain values would result from legislation at Washington appeared to be the chief influence. Smallness of wheat receipts at Kansas City, together with the report of crop damage in the winter wheat belt east of the Mississippi were also given considerable attention as well as new high records for francs and sterling.

Initial prices which ranged from one-eighth cent lower to three-eighths to one-half cent higher, May \$1.02 1/2 to \$1.03 1/2 and July \$1.05 1/4 to \$1.06 1/4 were followed by gains all around. Subsequently, bullish estimates of the world's probable carry over of wheat at the end of the crop season this year gave additional strength to the market. Closing prices were firm, one and three-eighths cents to 1 7/8 cents net higher, May \$1.04 5/8 to \$1.04 3/4 and July \$1.06 5/8 to \$1.06 3/4.

MINNEAPOLIS GRAIN

Minneapolis, April 19.—Wheat receipts 130 cars compared with 268 cars a year ago. Cash No. 1 northern \$1.11 5/8 to \$1.16 5/8; No. 1 dark northern spring close to fancy \$1.23 5/8 to \$1.22 5/8; No. 2 \$1.12 5/8 to \$1.16 5/8; May \$1.11 5/8 to \$1.12 3/4; July \$1.12 3/4 to \$1.13 1/2; Corn No. 3 yellow, 72 1/2 to 73 1/2; oats No. 3 white 41 5/8 to 45 1/8; barley 61 to 78 cents; rye No. 2, 61 to 62 cents; flax No. 1, \$2.42 1/4 to \$2.47 1/4.

ST. PAUL LIVESTOCK

South St. Paul, April 19.—(By the A. P.)—Demand for stocker and feeder cattle this week had exceeded the supply and the market for finished material closed 25 cents or more higher on the average despite some losses on beef cattle, according to a weekly review of market conditions made public today by the United States Department of Agriculture. Fancy selections are quoted

able up to \$9.00, with several loads of choice westerns this week at \$7.75 and \$8.00. Bulk of the stockers and feeders selling between \$5.50 and \$7.00.

Shipper competition for beef steers selling up around \$10.00 and above has aided sellers in maintaining steady levels on such kind while the general run of steers and yearlings closed about one-fourth lower. Price spreads of \$7.00 to \$8.50 caught the bulk of the common and medium grades, with a fair showing of the better grades between \$9.00 and \$10.50, odd head upward to \$11.00.

Most fat cows and heifers lost 25 cents, some showing greater losses. Bulk of the fat she-stock moved at \$4.00 to \$7.00; canners and cutters from \$2.75 to \$3.50. Bologna bulls prices sagged late Wednesday and Thursday and closed about 25 cents under last week, bulk \$4.00 to \$4.50. Veal calves dropped 75 cents to \$1.00 early in the week, closing bulk of best lights \$8.00 to \$8.25.

The hog situation showed little change of consequence. Receipts are gradually dropping off but this factor has not caused any material shifting of prices. Big packers continue bearish and have been bucking any advances this week.

Most of the butcher and bacon hogs finished at \$7.15, a few sorted 150 to 180 pound averages to shippers \$7.20 and occasional loads of less desirable or excessively heavy butchers around \$7.00. Rough packing hogs were mostly at \$6.25, bulk feeding higher \$6.60 to \$6.65. Compared with week ago fat lambs and sheep 25 cents to 50 cents lower; week's best prices fat lambs \$15.30; bulk \$15.00 to \$15.50. Top ewes \$11.00; bulk \$10.00 to \$11.00. Bucks \$7.00 to \$7.50; top spring lambs \$25.

CHICAGO LIVESTOCK

Chicago, April 19.—Cattle receipts 500. For week, choice beef steers and most grades shd-stock steady. Other beef steers and light beef heifers 25 to 40 cents lower.

Sheep receipts 2,000. Receipts mostly direct. Few sales good clipped lambs \$14.35.

Hog receipts 5,000. Slow, mostly steady. Bulk good and choice 240 to 310 pound butchers \$7.50 to \$7.60.

FRANCE FEARS BRITISH PRESS

Believes That Attitude of
Britain Will Not Be
Friendly

Paris, April 18.—By the A. P.—Official circles are considering the attitude of the British press toward the proposed settlement on the basis of a report. It is deduced from the general run of the British press that France Minister Macdonald will refuse to agree to a loan on a term of 100 years, but on a term of 10 years, in the event of the experts' plans.

Without an agreement in advance, the sale and means of obtaining the loan, and the terms of the loan, are being discussed. The French government, however, today would be the only country to get the benefit from the proposed project.

ALFALFA NEED IN N. D. CITED

Fargo, N. D., April 18.—If all the
alfalfa hay grown in North Dakota
the past year was fed to the 535,000
cows of which the state boasts
there would only be enough to feed
each cow 10 pounds a day for a
period of 55 days, leaving no alfalfa
for the dairy cows during all of the
summering days in the year.

Figuring on this basis there would
be no alfalfa feed for any of the
515,000 other cattle, the 240,000
horses, the 500,000 swine, the 797,000
chickens and the 8000 mules.

In 1923, 70,000 acres of alfalfa
with a total production of 147,000
tons were grown in North Dakota.
As there are more than 75,000 farms
in the state, less than one acre of
alfalfa was raised on each of the
farms, points out H. L. Walster,
agronomist at the North Dakota Ag-
ricultural college, and author of
Circular 56, "Guide Posts on the
Alfalfa Trail," which gives detailed
information on alfalfa growing.

Sioux Falls Bank Failures To Be Probed

Sioux Falls, S. D., April 19.—Judge John T. Mead of circuit court ordered the convening of a grand jury on May 12 for the purpose of making an investigation of alleged irregularities with the management of the three state banks here that have been closed. Deposits in the three banks aggregated \$3,000,000.

The application for the summoning of the grand jury was made by State Attorney Hugh Gamble, who said that he had been quietly conducting an examination of the affairs of the banks since they closed last January. Several demands have been made by depositors that an investigation be made in order to safeguard their interests. This will be the second county grand jury, to

(Established 1873)

THE IMMIGRATION MEASURE

The present Congress, it now appears, is more likely to take more far-reaching steps in establishing a lasting immigration policy for the United States than its predecessors. The policy now being evolved is to some extent incorporated in the present immigration restriction bill, enacted as an emergency measure after the war when it was feared that the country would be deluged with European nationals seeking freedom from war debts and disastrous economic conditions. The present Congress is moving toward the inclusion of the general principles of this restriction law in a new and more comprehensive measure.

Even before Ambassador Hanihara made his ugly pronouncement of "grave consequences" which would follow the adoption of a Japanese exclusion provision, the government and the Congress had been criticized and importuned by diplomatic representatives of southern and eastern European nations who felt that the plain attempt to limit immigration from these countries more than immigration was to be limited from northern and western Europe was an insult. The Japanese protest is more emphatic, and is more grave, because of the power of the nation and the constant intercourse of the United States and Japan in the Pacific.

The Japanese view that the Hanihara note was not the cause of the Senate's prompt action on the exclusion provision, probably is correct, although Senator Lodge, the Republican leader, stated that he could not refuse to vote for the measure in the face of what he called a threat by an ambassador of a foreign country to the American Congress. The Hanihara note went beyond the limits of propriety of a foreign envoy, and was a direct slap at Congress which deserved expressed resentment. It would, however, be a thin shield for the American Senate to hide behind, if it had no other reason for the exclusion measure.

As a broad principle it seems that the right of a country to determine the race and character of its new citizens as far as possible ought to be an inherent right. The late war brought home to the people of the United States the dangers which may come from the presence of aliens not in sympathy with the country nor appreciative of its fundamentals. In particular it would seem right that the United States Congress should have the moral right to bar aliens, such as Japanese and other Asiatics, who are ineligible for citizenship under the constitution, who are admittedly non-assimilable, and who retain a dual citizenship even though naturalized, as some are, being carried on the rolls in Tokio as loyal Japanese subjects as well.

The practical application of exclusion at this time is, however, another question. Japan is a sensitive and powerful nation. Our intercourse must necessarily be great, our contact frequent on the Pacific. Under the present "gentlemen's agreement" under which President Roosevelt solved the difficult problem of restraining Japanese immigration without wounding Japanese pride the number of Japanese entering the country is not large. If Japan were given a two per cent quota, as is proposed for other nations, the number permitted to enter the country each year would be, government statistics show, not more than 250.

It is generally admitted that Japan has sought faithfully to keep the "gentlemen's agreement." Her envoys have reduced it to writing. It is important that the United States leave no scar on Japan which will stir resentment in years to come, unless the gain equals the risk. And with a well defined policy of mutual efforts toward restriction, such as is embodied in the "gentlemen's agreement," direct exclusion at this time appears unnecessary and harmful.

CHRISTIANITY

Are you a church member? About 46 million Americans answer yes. Sixty-two millions answer, no.
Such is the situation this Easter, holiest day of the year. Whether church members or not, all of us owe a tremendous debt to Christianity. It has brought more good into the world than all other religions combined, past as well as present. And nearly all the evil we have is due to failure to live up to Christian teachings.

In recognition of all this, every one should make a special effort to attend church services on Easter, of all Sundays.
Easter, symbolic of the resurrection, is an excellent time for each individual to resurrect the best that is in him. Nothing will be more inspirational to this end than attending Easter church services.

FOLLOW UP ADVANTAGE

Sargant County which won the Hanna Cup at the First State Corn show held in Bismarck last winter is forming a special development society to attract settlers on the strength of winning the corn contest.

Bismarck must follow up the advertising gained for Burleigh and contiguous counties by putting the corn show upon a solid footing. There should be a midwinter event here which could show corn, poultry, stock; in the fall a general agricultural and dairy show and in the summer a pre-harvest gathering which would attract visitors to Bismarck. In order to get settlers, it is necessary first to attract visitors. That is a preliminary step toward settlement.

There should be no delay in putting the Corn and Dairy Show on a firm basis; the acquisition of ground and the erection of modest buildings is a logical beginning. That the venture will grow is assured, for Bismarck is the hub of the corn belt in North Dakota and the most natural place for an attractive agricultural fair.

The Capital City can serve the whole state by building here a fair that will measure up to that of sister states, held at a time when the products have matured sufficiently to reflect the diversity of this great state.

Let's Go.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that the authors may have both sides of important issues which are being discussed in the press of the day.

INTEREST OF THE GERMAN PEOPLE

How will the Dawes findings be used by those elements in Germany anxious for a just settlement and for the restoration of normal life? As we see it, the Dawes report in their hands can be made a terrific indictment against the nationalist adventurers who would prolong the chaos of the last four years of which the masses of the German people have been the victims.

Devaluation of the mark beggared millions of middle-class Germans who were unfortunate enough to be the holders of national bonds and industrial securities, or in possession of a supposedly fixed income from rents, pensions and salaries.

For the greater part the value of such fixed incomes is now fixed at zero. But the collapse of the currency has borne down heavily on the working classes, too. Germany is supposed to have an income tax which, on paper, is the most drastic in the world. In practice the income tax has fallen chiefly on labor. In this country in 1921 persons with an income of \$2,000 or less contributed 4 per cent of the total amount collected. In Germany, according to the tentative budget, the wage earners would contribute 65 per cent of the total income tax.

For two years back the situation has been still worse. German wealth has paid its income tax after a delay of six months or a year, in marks so devaluated as to make the assessment virtually null; but the German workman has had his 10 per cent income tax deducted from his weekly pay envelope. Here we have a consideration which is bound to be brought home to many millions of Germans when they are asked to vote for reactionary candidates pledged to a policy of resistance, which only means a policy of financial turmoil and increasing misery.—New York Times.

FROM THE BOTTOM RUNG TO THE TOP OF THE LADDER

From a railroad messenger boy at 14, drawing a salary of \$5 per month, to the presidency of the New York Central Lines at 55, is the record of Patrick Henry Crowley. His recent election to this important railroad post best emphasizes again the opportunity here in America for every boy with ambition and the will to do.

He rose successively from messenger, to telegraph operator, dispatcher, trainmaster, division superintendent, assistant general manager, general manager and assistant vice-president in charge of operations.

Mr. Crowley, it is true, is possessed of native ability to a rare degree, but hard work and application to his job have really been the determining factors in his advancement. Native ability, without work and application, will not get one very far in life.

His march to success is typically American. He has only followed the same course over which the great thought and finance, past and present, have traveled. No country offers greater opportunities to its citizens than does America.—Fargo Forum.

ADVENTURE OF THE TWINS

BY OLIVE ROBERTS BARTON

The next place that Mister Muggs took the Twins in Once-Upon-A-Time Land was to see Jack and his mother. No, not Jack and Jill, or Jack Spratt, or Jack the Giant Killer, but Beantalk Jack.

Oh, yes, of course Beantalk Jack did kill one giant, but the other Jack killed seven.

Well, the little automobile whizzed along past seven mills and seven hills, and came to a fine city. And asking the policeman where Beantalk Jack lived, they were told that the first house on the main street was his, and they would have no trouble in finding it.

Soon they came to the finest street, but it was so full of automobiles all going in one direction that they had to take their place in line and move slowly with the crowd.

They soon discovered the reason for such a crowd. There was a party at Jack's house and the cars were stopping one by one to let the people out.

"We weren't invited, but I'm sure it will be all right," said the little fairytale. "So you Twins go on in while I park the car."

A big fellow in gold braid and buttons opened the door of the magic car and helped them out.

Mister Muggs jumped after them two steps at a time and caught up to them at the door.

"Names, please?" asked a footman in a voice that seemed to come from his toes. At the same time another one stuck out a silver tray for their cards.

"My goodness! I forgot mine. We all did," said the fairytale, patting himself all over as if in search of his card. "Just say 'Mister Muggs and Nancy and Nick, please!'"

So they followed the man to the door of the drawing-room and there he stopped, calling loudly, "Mister Muggs, Nancy and Nick."

And then, with his nose sticking up in the air like the spout of a teapot, he marched off, leaving the three visitors in the doorway with everybody staring at them.

Jack saw them at the minute and rushed over. "Hello, people," he cried. "I'm ever so glad to see you. Come on over and meet my mother."

"But we're not dressed for a party," said Nancy. "We look perfectly awful."

"No, you don't," said Jack. "You look just right, the way I like you. I am tired of this fine house and all these servants. Mother and I were both happier before we got all the giants' money and became the rich."

Social and Personal

Plans Complete For Annual Charity Ball

The social season following Easter will open with the Seventh Annual Charity Ball at the Grand Pacific hotel, Monday evening, April 21, which is given under the auspices of the Catholic Daughters of America. An attendance of at least 250 is expected. A large number of the Mandan people are planning to attend besides a number from other surrounding towns.

No invitations were issued this year and all who hold invitations from past years are asked to attend. Members of the organization have tickets which may be procured by those desiring to attend the ball. The committee in charge of arrangements for the dance announce that tickets may also be procured at the door on Monday evening.

Supper will be served by the hotel management and tickets include this. Special and new music has been secured for the occasion.

The members of the organization have been kept busy on the preparation for the Rotarian banquet to be given at the Capitol next week that they have been unable to reach the public with tickets.

Proceeds from the dance will go toward the fund which is used in caring for charity cases of the city, regardless of creed.

State Nurses Meet In Convention At Jamestown

A large number of Bismarck nurses are planning to attend the Twelfth Annual Convention of the North Dakota State Nurses' association which will be held in Jamestown, April 23-25.

Miss Sarah Sand, R. N., is president of the State Nurses Association and has gone to Fargo to make preliminary arrangements for the holding of the three days' session. The Bismarck Nurses are going to make a strong appeal to have the Association meeting for the year 1925, held in this city.

A number of the Bismarck nurses are officers of the Association and Dr. A. A. Whittemore of the State Council of health, appears on the program for several discussions.

The Nurses will be guests at several social functions to be given at Jamestown during the meeting, chief of which, is the reception to be given by Dr. and Mrs. A. W. Guest at the State Hospital on Wednesday afternoon.

Miss Louise Powell, head of the school for Nurses at the University of Minnesota will be the chief speaker for the three days' convention assisted by Miss Ella Lee Gowdy, R. N., a Red Cross official for the Central Division.

Odd Fellows Will Celebrate Anniversary

Next Tuesday evening, April 22 promises to be a day to long be remembered in the history of the Odd Fellows and Rebekahs. This will be an anniversary affair of the Mandan and Bismarck lodges, and a joint program has been arranged of a literary nature. Songs, music and speeches will make this a most interesting program. A large attendance from Mandan will be present and several district officers will be in attendance, it is hoped.

A pleasant social program has been arranged, following the program. Refreshments will be served, by the committee in charge of the arrangements for the evening.

COMPLETE PLANS

The different committees appointed for the different social features to be given in honor of the visiting ladies who will accompany the Rotarians to the city have practically completed all plans for the entertainment of the guests. Mrs. Henry Duemeland, general chairman announces. Mrs. C. L. Young is chairman of the entertainment committee. Mrs. F. A. Capelin, chairman of the Reception Committee and Mrs. H. A. Brandes, chairman of the Transportation committee, have been busily engaged with the members of their respective committees in laying plans for an elaborate entertainment program, for the two days the Rotary Conference will meet in the city.

EASTER HATS—HOW STYLES DO CHANGE OVER 60 YEARS!

Miss 1864

The hat that knocked 'em dead in 1864. The Civil War girl wore an Easter bonnet with a crown trimmed in ostrich feathers and a few flowers. The brim was white silk underneath and black tulle above.

Miss 1874

Miss 1874 found feathers just the thing for Easter, too. A soft burst of white ostrich plumes cascaded down a saucy brim of dark straw, with just enough brim to throw a shadow over the brows.

Miss 1884

Only by the widest stretch of the imagination could you call Miss 1884's head adornment a hat. A tiny crown of silk and lace and a few flowers, such was the prevailing style in Easter bonnets in those days.

Miss 1894

The tiny hat found favor for a decade or more among the belles of the late 19th century. Miss 1894 is wearing a white silk creation to match her Easter costume, which was white throughout even to gloves, shoes, parasol and veil.

Miss 1904

This style of Easter hat held the stage in 1904, when coquetry was a favorite pastime and high pompadours were in vogue. A mere suggestion of feathers, an abundance of flowers and a wide brim of white, edged in black velvet.

Miss 1914

Only 10 years ago—but Miss 1914 looks out from beneath a hat that would look strange today. Ostrich feathers more than held their own from Civil War days to the outbreak of the World War, as can be seen in this Easter creation.

Miss 1919

Miss 1919 was not heartless, but someone killed a bird to adorn her close fitting hat of black straw. You will notice that, like the girl of a day, Miss 1919 modestly hid her ears from view. Now we make the final jump and come—

Miss 1921

Right up to date! Here is the spring hat that was worn in Florida during the winter and will be seen in northern cities in April and May. Wintering in the south has tended a little to "rush the season," but even Miss 1921 wore an Easter hat of white silk.

TELEGRAM FROM RUTH ELLINGTON TO WESLEY SMITH, ATTORNEY

I would like to speak to Mr. Smith. Who shall I tell him is speaking? Mrs. Ruth Ellington. No, it is personal. Good morning, Mrs. Ellington. I have decided to apply for a divorce from my husband, Mr. Smith. Will you tell me what kind of procedure I must follow. You know he deserted me one year ago. Do you know where he is? I haven't the slightest idea since he left town. Will you make an appointment with me to take the case? Certainly, Mrs. Ellington. Can you come down this afternoon about four? Yes, I will be there. Clipping from the Daily Clarion Yesterday Mr. Ruth Ellington ap-

plied for a divorce from her husband, Harry Ellington, on the grounds of desertion.

It will be remembered that Ellington left the city about a year ago, taking with him a great deal of money belonging mostly to friends.

A young woman, to whom he had been quite attentive, disappeared about the same time. Nothing has been heard of either of them since.

Mrs. Ellington, however, makes no mention of any co-respondent. She says that she has no knowledge of where her husband is, at the present, and asks for no alimony.

Wesley Smith has been retained by her as attorney.

Marion Davies Is Star in "Little Old New York"

A photograph that has never been surpassed for heart-felt tenderness, emotion and girlish comedy, is Marion Davies' "Little Old New York," which has been longed for in engagement of three days at the Eltinge Theatre, beginning Monday. Miss Davies in the dual role of Patricia and Pat O'Day, was said by the newspaper critics of New York, London, Toronto, Los Angeles, and other cities where it was first shown to have scaled new pantomime and acting heights, and to have achieved a success even greater than that which she scored as Princess Mary Tudor in "When Knighthood was in Flower."

In the story told by "Little Old New York," appear such famous historical characters as John Jacob Astor, Cornelius Vanderbilt, Henry Brevoort, Washington Irving, Robert Fulton, inventor of the steamboat, Delmonico, and many others. They appear on the screen as realistically as if they had just stepped out from the printed pages of history.

The supporting cast is a brilliant one, including such prominent players of stage and screen as Harrison Ford, Andrew Dillon, Sam Hearn, Nona Keedwell, Gypsy O'Brien, Louis Wolheim, Harry Watson, Elizabeth Murray, J. M. Kerrigan, Courtenay Fiske, Mahlon Hamilton, George Barraud, Charles Judels, Spencer Charters, Mary Kennedy, Marie R. Burke and many others.

Plans Complete For Annual Charity Ball

The social season following Easter will open with the Seventh Annual Charity Ball at the Grand Pacific hotel, Monday evening, April 21, which is given under the auspices of the Catholic Daughters of America. An attendance of at least 250 is expected. A large number of the Mandan people are planning to attend besides a number from other surrounding towns.

No invitations were issued this year and all who hold invitations from past years are asked to attend. Members of the organization have tickets which may be procured by those desiring to attend the Ball. The committee in charge of arrangements for the dance announce that tickets may also be procured at the door on Monday evening.

The members of the organization have been kept so busy on the preparation for the Rotarian banquet to be given at the Capitol next week that they have been unable to reach the public with tickets. In this manner, Miss Emma Taubert has been able to help the children appreciate the best music.

Classes Present Music Programs

State Nurses Meet In Convention At Jamestown

A large number of Bismarck nurses are planning to attend the Twelfth Annual Convention of the North Dakota State Nurses' association which will be held in Jamestown, April 23-25.

Miss Sarah Sand, R. N. is president of the State Nurses Association and has gone to Fargo to make preliminary arrangements for the holding of the three days' session. The Bismarck Nurses are going to make a strong appeal to have the Association meeting for the year 1925, held in this city.

A number of the Bismarck nurses are officers of the Association and Dr. A. A. Whittemore of the State Council of health, appears on the program for several discussions. The Nurses will be guests at several social functions to be given at Jamestown during the meeting, chief of which is the reception to be given by Dr. and Mrs. A. W. Guest at the State Hospital on Wednesday afternoon.

Miss Louise Powell, head of the school for Nurses at the University of Minnesota will be the chief speaker for the three days' convention assisted by Miss Etta Lee Gowdy, R. N., a Red Cross official for the Central Division.

Odd Fellows Will Celebrate Anniversary

Next Tuesday evening, April 22 promises to be a day to long be remembered in the history of the Odd Fellows and Rebekahs. This will be an anniversary affair of the Mandan and Bismarck lodges, and a joint program has been arranged of a literary nature. Songs, music and speeches will make this a most interesting program. A large attendance from Mandan will be present and several district officers will be in attendance, it is hoped.

A pleasant social program has been arranged, following the program. Refreshments will be served, by the committee in charge of the arrangements for the evening.

COMPLETE PLANS

The different committees appointed for the different social features to be given in honor of the visiting ladies who will accompany the Rotarians to the city have practically completed all plans for the entertainment of the guests. Mrs. Henry Duemeland, general chairman announces. Mrs. C. L. Young is chairman of the entertainment committee, Mrs. F. A. Coplin, chairman of the Reception Committee and Mrs. H. A. Brandes, chairman of the Transportation committee, have been busily engaged with the members of their respective committees in laying plans for an elaborate entertainment program, for the two days the Rotary Conference will meet in the city.

Just 10 Years' Difference, but Compare Styles and Prices

Just gaze at the change 10 years have wrought in Easter fashions—and prices.

To the left we have milady of 1914, resplendent in frock of solid blue taffeta with bead embroidery. The dress cost \$40, the wide-brimmed hat \$8, and the two-toned shoes \$6.

Now look at the 1924 spring model.

She wears a "simple" little hat adorned with trimming of kid, and a costume of white crepe de chine finished with broad black and white trimming. The hat cost "only" \$25, the dress \$85, the fancy shoes \$14 and the cane \$2.

The 1914 costume, complete, set father back \$50, the 1924 model, \$120.

Is it to weep!

JACKIE COOGAN COMES AGAIN

This Time in Appealing Picture, "A Boy of Flanders"

Jackie Coogan is back in rags! After appearing as a little crown prince in "Long Live the King," the screen's great child star will now be seen in more familiar garb in his latest Metro picture, "A Boy of Flanders," which is coming to the Capital Theatre for a three day engagement, starting on Monday.

"A Boy of Flanders," called by critics the best of Jackie's productions, is a fine adaptation of the literary masterpiece by Ouida, "A Dog of Flanders," which tells the beautifully touching story of a boy and a dog. This gives the little star the greatest chance at acting real acting—he has ever had, and provides the finest entertainment he has contributed to the screen.

Nello, a Belgian orphan, lives with his aged grandfather in the little town of St. Antwerp, not far from Antwerp. The old man makes a precarious living as a carrier of milk from the village to the dealers in Antwerp. Daily he can be seen drag-

ging along the heavy dog-cart, bowed almost to death.

Helps Aged Grandfather

As soon as he is large enough—indeed before he is—Nello helps his grandfather in these tasks, and soon the burden of the work falls to him, because of the elder's weakness.

Fortunately for little Nello, there comes into his life a glorious companionship—that with Petrasche, a great Flemish dog, who was left on the road for dead by a brutish peddler. Nello saves the dog's life, and the dog repays him with the strength of his body and the devotion of his sagacious nature.

An appealing and interesting story is carried throughout.

Easter program in a country church near Dawson.
No church at Bismarck on Easter.

1. And when the Sabbath was past, Mary Magdalene, and Mary the mother of James, and Salome, had bought sweet spices, that they might come and anoint him.
2. And very early in the morning the first day of the week, they came unto the sepulchre at the rising of the sun.
3. And they said among themselves, Who shall roll us away the stone from the door of the sepulchre?
4. And when they looked, they saw that the stone was rolled away; for it was very great.
5. And entering into the sepulchre, they saw a young man sitting on the right side, clothed in a long white garment, and they were affrighted.
6. And he saith unto them: Be not affrighted. Ye seek Jesus of Nazareth which was crucified; he is risen; he is not here; behold the place where they laid him.
7. But go your way, tell his disciples and Peter that he goeth before you into Galilee; there shall you see him as he saith unto you.—St. Mark, 16.

PASTURES GOOD THROUGH STATE
Federal Statistician Reports
More Sheep in Eastern North Dakota

Cattle and sheep have maintained their high condition of a month ago, and the condition of pastures and ranges shows a moderate improvement as a result of the moisture received in most sections of the state since last report, according to the monthly cattle and sheep summary for April 1, issued by J. G. Diamond, agricultural statistician for the federal bureau of agricultural economics. The report notes a decline in range cattle to farm cattle, due both to a heavy liquidation of range stuff and more interest in farm cattle. The level of farm prices for cattle and sheep has strengthened somewhat, those for cattle now being close to the level of a year ago, and for sheep, higher than a year ago, according to the report, which follows:

Condition of cattle averages on April 1 at 93 per cent of a normal compared with 87 per cent a year ago and 94 the average last month. Sheep on April 1, average 94 per cent of a normal compared with 91 per cent a year ago and 93, the average last month. Condition of ranges on April 1 was 91 and pastures 84 per cent of a normal condition, both showing a gain, compared with March first due to moisture received in most sections of the state since that time. A year ago ranges averaged 87 per cent and pastures 85 per cent of a normal. More farm sheep are evident this spring in the eastern part of the state.

\$38,000 ROAD CONTRACTS RECENTLY LET IN FOSTER
Carrington, N. D., April 19.—Contracts totaling \$38,000, covering the grading of a short stretch of road near Carrington, and the graveling of 19 1/2 miles of road already built, were recently let by the Foster county commission and the state highway commission. Half the cost will be borne by the federal government. In project No. 252, comprising 4.8 miles, the graveling contract was let to Howard & Webster of Turtle Lake, at \$5,678. The grading job went to Stevens Bros. of St. Paul, at \$4,967. Contract for grading from the James river to Glenfield was let to Stevens Bros. at \$20,608. They also were awarded the contract of graveling from Glenfield east to the Griggs county line, and a half mile south along the Griggs county line at \$7,750.

Free State Army Has 20,000 Men
Dublin, April 19.—It has been decided that the permanent establishment of the Free State army shall consist of 27 battalions, nine brigades and three commands. In addition there will be various separate services, an army school of instruction, a school of army music, and a training camp at Curragh. The army will total almost 20,000 men.

I will not be responsible for any debts contracted by Mrs. Amos Olson after April 18, 1924. She left my bed and three children.—Adv.

Said the fuzzy-wuzzy bunny to the clumsy waddling duck, "Aren't you glad that Easter Sunday morn is here?" "Absolutely," quacked the duckling, "and I feel that I'm in luck. For I'll help to spread the Easter morning cheer." "So will I," peeped forth a chicklet from a cozy little nest. And then they all were quiet as a mouse.

For tiny tots were starting, as you surely might have guessed, To search the nooks and corners of the house.

Said a happy little chappie, as he squatted on the floor, "Gee, the Easter bunny sure has brought us luck." And his little sister smiled as she had never smiled before While she fondled with a rabbit and a duck.

From a lot of hidden corners came the colored eggs and such, And a day of cheer and happiness was born. Whether Mister Easter Bunny's gifts are little or are much, They bring the proper spirit Easter morn!

REDUCTION OF TAXATION THE TORPEDO GETS BUSY WHILE THE TADPOLE SLEEPS

THE TADPOLE

JUST what kind of a citizen are you?
A tadpole or a torpedo?
The tadpole lives entirely for himself, and as long as he gets enough to eat he doesn't bother a bit about what even tadpoles are doing.
The torpedo always starts something. It also has a range considerably outside itself.
The torpedo first makes a noise and then it goes into action. Most of the time somebody gets hurt.

some interesting details of her cruise in the Malay peninsula.

Miss Burton is on board the steamship President Hayes and will reach New York the latter part of this month. A number of very prominent and well known people have passage on board the same ship. Carrie Jacobs Bond, Elinor Hoyt Brainerd and Irma Rairden Davis are making the cruise and Miss Burton's description of the social affairs given on board the boat are most interesting. She is thoroughly enjoying the entire trip and will have completed the entire trip around the world when she lands in New York.

Following are extracts from her last letter which are very interesting:

"Sunday, March 16, we spent at Penang. We arrived the night of the 15th and took a machine and drove about the city, seeing the lovely homes. It was dark, but they were all well lighted. Then early in the morning we arose and took a machine and drove around the island. I have taken few trips to equal the beauty of that. The palms are so thick and the ferns are large and luxuriant; then there are many rubber and fruit trees and lovely flowers; such a lovely tropical growth. The country is quite mountainous and I have

Copyright, 1924, National Budget Committee

Now, Mr. Torpedo Citizen, do you want your taxes reduced?
All right. Your work is clearly laid out for you.

Congress is right in your hands. Your Representative will do what you tell him to do because his future is in your hands, too.

If he does not hear from you, don't blame him if he spends your money to please somebody in Congress who, later on, may be able to help him in turn.

Now, there isn't any chance of your taxes being reduced if all the government income, and more, too, is spent for things you might get along without just as well as not. Real economy in the government means not spending a single dollar that does not actually have to be spent.

Congress, most of the time, is very partial to luxuries. Most of the time you have to look upon luxuries with a cold eye if you want to make both ends meet at home or in your business.

Why not impress this fact upon your Congressman?

never driven on so winding a road, with so many turns as we worked our way up and then back again. Several of us were almost seasick, due to the curves. We stopped for a little while at the Snake Temple and saw many snakes all over the place, some venomous ones, but they were all drugged.

"Machines are quite cheap out this way—strange as it may seem. You can get some very good ones for \$1.25 an hour, United States money.

"We are having lovely pineapples, bananas, mangoes, papaya, pomelo, etc., but best of all and most delicious on earth are the chilled mangoes. Some day, I shall write a poem to this matchless fruit.

"You people just must take this trip around the world. It is so wonderful to sail a few beautiful and balmy days; then climb off the boat, see a new country and a new people and 'tiffin' dinner at a new tropical hotel.

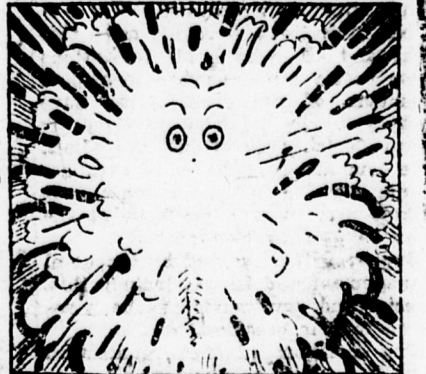

"The Malaysians or Indians are very quaint. The men just wear a little piece of cloth twined about their loins, and then a turban is wrapped around their heads. They are very fond of turkey red calico for turban and skirts.

"Singapore, which we visited before, Penang was also a delightful spot. Here we were entertained at tea by some friends of the Davis'.

(Mr. Davis will be remembered here by many as he was superintendent at the Indian school for a number of years).

"In Manila, the men wore the funniest and flimsiest of blouses and trousers. The women wear skirts and corset covers with a bit of a waist made of the flimsiest material imaginable, with large puffy sleeves. The Indian women sort of wrap themselves up in yards of calico, which is difficult of description or I would tell you all about it. An end comes up over their head to complete their costume.

"Mrs. Sayre and children got on our ship at Penang. Her husband is chief adviser to the King of Siam. She is the late President Wilson's daughter. We are inviting her and her party to tea in our cabin day after tomorrow.

THE TORPEDO

You sure will, if you are a Torpedo Citizen.

First, make your noise and make it loud and clear.

If your Congressman pays no attention, then go into action.

You know how much that kind of a Congressman is worth to you at Washington, don't you?

All right, then, let somebody get hurt.

Of course, the torpedo will keep on sleeping.

Miss Helen Burton, Coming Home on Buying Trip—Writes of Tropical Cruise

DESCRIPTS CUSTOMS

Miss Helen Burton, who is engaged in business in China and en route to the United States on a purchasing trip and to visit with her relatives here has written under date of March 17, the letter just reaching her mother, in which she relates

PROUD OF SON

REPRESENTATIVE THOMAS S. BUTLER OF PENNSYLVANIA

Mr. Butler, a Republican, has been a member of Congress since 1897 and is chairman of the House Committee on Naval Affairs. Although he has attained a position of great honor and respect in national affairs, his greatest pride is the record of his son, General Smedley Butler of the Marine Corps, who has recently cleared the city of Philadelphia of vice.

Austria's Wealthy Sought By State Tax Collectors

Vienna, April 19.—Tax hungry authorities have decided that in some directions they have been too lenient in the past, and that hence forward the man who can afford domestic servants must contribute more generally to the state.

It has, therefore, been ruled that

the tax on the employment of more than three domestic servants in the same household be raised ten fold.

And the wealthy who have in their service more than ten domestics—there are only 60 such households in Austria—will be assessed at even a

higher rate of increase. Baron Rothschild employs a total of 47 servants, and for this privilege pays a tax of \$14,000.

THE RESURRECTION

1. And when the Sabbath was past, Mary Magdalene, and Mary the mother of James, and Salome, had bought sweet spices, that they might come and anoint him.
2. And very early in the morning the first day of the week, they came unto the sepulchre at the rising of the sun.
3. And they said among themselves, Who shall roll us away the stone from the door of the sepulchre?
4. And when they looked, they saw that the stone was rolled away; for it was very great.
5. And entering into the sepulchre, they saw a young man sitting on the right side, clothed in a long white garment, and they were affrighted.
6. And he saith unto them: Be not affrighted. Ye seek Jesus of Nazareth which was crucified: he is risen; he is not here; behold the place where they laid him.
7. But go your way, tell his disciples and Peter that he goeth before you into Galilee; there shall you see him as he saith unto you.—St. Mark, 16.

PASTURES GOOD THROUGH STATE
Federal Statistician Reports
More Sheep in Eastern North Dakota

Cattle and sheep have maintained their high condition of a month ago, and the condition of pastures and ranges shows a moderate improvement as a result of the moisture received in most sections of the state since last report, according to the monthly cattle and sheep summary for April 1, issued by J. G. Diamond, agricultural statistician for the federal bureau of agricultural economics. The report notes a decline in range cattle to farm cattle, due both to a heavy liquidation of range stock and more interest in farm cattle. The level of farm prices for cattle and sheep has strengthened somewhat, though four cattle now bring close to the level of a year ago, and for sheep, higher than a year ago, according to the report, which follows:

Condition of cattle averages on April 1 at 93 per cent of a normal compared with 87 per cent a year ago and 91 the average last month. Sheep on April 1, average 94 per cent of a normal compared with 91 per cent a year ago and 94, the average last month. Condition of ranges on April 1 was 91 and pastures 84 per cent of a normal condition, both showing a gain compared with March first due to moisture received in most sections of the state since that time. A year ago ranges averaged 87 per cent and pastures 85 per cent of a normal. More farm sheep are evident this spring in the eastern part of the state.

\$39,000 ROAD CONTRACTS RECENTLY LET IN FOSTER
Carrington, N. D., April 12.—Contracts totaling \$39,000, covering the grading of a short stretch of road near Carrington, and the graveling of 19 1/2 miles of road already built, were recently let by the Foster county commission, and the state highway commission. Half the cost will be borne by the federal government. In project No. 252, comprising 4 1/2 miles, the graveling contract was let to Howard & Webster of Turtle Lake, at \$2,675. The grading job went to Stevens Bros. of St. Paul, at \$4,967. Contract for grading from the James river to Glenfield was let to Stevens Bros. at \$20,000. They also were awarded the contract of graveling from Glenfield east to the Griggs county line and a half mile south along the Griggs county line at \$2,500.

Free State Army Has 20,000 Men
Dublin, April 19.—It has been declared that the permanent establishment of the Free State army shall consist of 27 battalions, nine brigades and three commands. In addition there will be various separate services, an army school of instruction, a school of army music and a training camp at Carrick. The army will total almost 20,000 men.

I will not be responsible for any debt contracted by Mrs. Amos Olson after April 18, 1924. She left my bed and three children.—Ad.

LOCAL WOMAN SEES BEAUTIES ON WORLD TRIP
Miss Helen Burton, Coming Home on Buying Trip—Writes of Tropical Cruise

DESCRIPTS CUSTOMS
Miss Helen Burton, who is engaged in business in China and on route to the United States on a purchasing trip and to visit with her relatives here has written under date of March 17, the letter just reaching her mother, in which she relates

never driven on so winding a road, with so many turns as we worked our way up and then back again. Several of us were almost sick, due to the curves. We stopped for a little while at the Snake Temple and saw many snakes all over the place, some venomous ones, but they were all drugged.

"Machines are quite cheap out this way—strange as it may seem. You can get some very good ones for \$1.25 an hour, United States money. We are having lovely pineapples, bananas, mangoes, papaya, pomelo, etc., but best of all and most delicious on earth are the chilled mangoes. Some day, I shall write a poem to this matchless fruit.

"You people just must take this trip around the world. It is so wonderful to sail a few beautiful and sunny days; then climb off the boat, see a new country and a new people and 'tiffin' dinner at a new tropical hotel.

"The Malaysians or Indians are very quaint. The men just wear a little piece of cloth twisted about their loins, and then a turban is wrapped around their heads. They are very fond of turkey red calico for turban and skirts.

"Singapore, which we visited before, Penang was also a delightful spot. Here we were entertained at tea by some friends of the Davis' (Mr. Davis will be remembered here by many as he was superintendent at the Indian school for a number of years).

"In Manila, the men wore the funniest and flimsiest of blouses and trousers. The women wear skirts and corset covers with a bit of a waist made of the flimsiest material imaginable, with large puffy sleeves. The Indian women sort of wrap themselves up in yards of calico, which is difficult of description or I would tell you all about it. An end comes up over their head to complete their costume.

"Mrs. Sayre and children got on our ship at Penang. Her husband is chief adviser to the King of Siam. She is the late President Wilson's daughter. We are inviting her and her party to tea in our cabin day after tomorrow."

REDUCTION OF TAXATION THE TORPEDO GETS BUSY WHILE THE TADPOLE SLEEPS

THE TADPOLE

JUST what kind of a citizen are you?

A tadpole or a torpedo? The tadpole lives entirely for himself, and as long as he gets enough to eat he doesn't bother a bit about what even tadpoles are doing. The torpedo always starts something. It also has a range considerably outside itself. The torpedo first makes a noise and then it goes into action. Most of the time somebody gets hurt.

Copyright, 1924, National Budget Committee

Now, Mr. Torpedo Citizen, do you want your taxes reduced? All right. Your work is clearly laid out for you.

Congress is right in your hands. Your Representative will do what you tell him to do because his future is in your hands, too. If he does not hear from you, don't blame him if he spends your money to please somebody in Congress who, later on, may be able to help him in turn.

Now, there isn't any chance of your taxes being reduced if all the government income, and more, too, is spent for things you might get along without just as well as not. Real economy in the government means not spending a single dollar that does not actually have to be spent.

Congress, most of the time, is very partial to luxuries. Most of the time you have to look upon luxuries with a cold eye if you want to make both ends meet at home or in your business. Why not impress this fact upon your Congressman?

some interesting details of her cruise in the Malay peninsula.

Miss Burton is on board the steamship President Hayes and will reach New York the latter part of this month. A number of very prominent and well known people have passage on board the same ship. Carrie Jacobs Bond, Elenor Hoyt Brainerd and Irma Ralston Davis are making the cruise and Miss Burton's description of the social affairs given on board the boat are most interesting. She is thoroughly enjoying the entire trip and will have completed the entire trip around the world when she lands in New York.

Following are extracts from her last letter which are very interesting: "Sunday, March 16, we spent at Penang. We arrived the night of the 15th and took a machine and drove about the city, seeing the lovely houses. It was dark, but they were all well lighted. Then early in the morning we arose and took a machine and drove around the island. I have taken few trips to equal the beauty of that. The palms are so thick and the ferns are large and luxuriant; then there are many rubber and fruit trees and lovely flowers; such a lovely tropical growth. The country is quite mountainous and I have

never driven on so winding a road, with so many turns as we worked our way up and then back again. Several of us were almost sick, due to the curves. We stopped for a little while at the Snake Temple and saw many snakes all over the place, some venomous ones, but they were all drugged.

EASTER MORN by Hal Cochran

Said the fuzzy-wuzzy bunny to the clumsy waddling duck, "Aren't you glad that Easter Sunday morn is here?" "Absolutely," quacked the duckling, "and I feel that I'm in luck For I'll help to spread the Easter morning cheer." "So will I," peeped forth a chicklet from a cozy little nest. And then they all were quiet as a mouse.

For they tots were starting, as you surely might have guessed, To search the nooks and corners of the house.
Said a happy little chaplet, as he squatted on the floor, "Gee, the Easter bunny sure has brought us luck." And his little sister smiled as she had never smiled before While she fondled with a rabbit and a duck. From a spot of hidden corners came the colored eggs and such. And a day of cheer and happiness was born. Whether Mister Easter Bunny's gifts are little or are much. They bring the proper spirit Easter morn." (Copyright, 1924, NEA Service, Inc.)

NINE FIREMEN PERISH WHEN WALLS CRASH

Several Others Injured Seriously in Blaze Which Razes Factory

Chicago, April 19.—Nine firemen are known to have been killed, several others are injured so badly they may die, and a dozen firemen and spectators suffered minor hurts when a four-story building housing a west side box factory collapsed last night while scores of firemen were battling the flames.

The ruins are being searched for other bodies and fire chief Buckley who made the announcement that nine are dead, said that several other bodies possibly may be found in the ruins. Hook and ladder truck company Number 12, composed of five men, the first to respond to the alarm, was reported to have been entirely wiped out by the accident.

Firemen first to arrive on the scene found the entire upper story of the brick structure, located at Blue Island ave. and Fourteenth St. in flames and calls were sent in for more apparatus. The firemen mounted to the third floor in an effort to confine the flames to the floor above them. As the roof started to buckle, firemen were ordered from the blazing building, some of them stepped to the roof of a building adjoining but about a dozen attempted to escape by way of a fire escape.

Some of these firemen were toppled into the blazing building when the roof collapsed, carrying two floors with it, this being followed by an explosion which sent the front wall crashing to the ground. Some of the firemen were thrown clear of the fire by the force of the explosion. Others pitched headlong into the flames.

SEEK ARCTIC RADIO CONTACT

Efforts to be Made to Reach MacMillan Ship

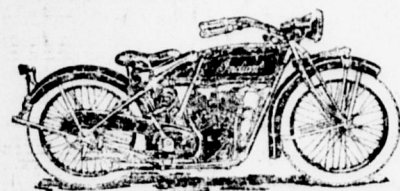

Fargo, April 19.—Attempts to establish radio communication with the Bowdoin, ice-bound Arctic exploration ship of Capt. Donald MacMillan, will be made with renewed effort from Fargo tonight and continuing intermittently all next week.

The campaign is planned as the result of a letter received from F. H. Schnel of Hartford, Conn., traffic manager of the American Radio Relay League, to L. H. Weeks of the Radio Equipment Corporation, who asserts he frequently communicated with the Bowdoin last winter from Minot, N. D.

GAME BIRDS THRIVE

Leonard, N. D., April 19.—A flock of Hungarian partridges have been planted on the Helledale farm near Leonard and are thriving. The birds have the protection of the state game laws and anyone attempting to destroy them will be dealt with severely. The birds are larger than quail and slightly smaller than domestic partridge but have the habits of both. A pair of deer has been seen on the place.

FORMER GOVERNOR JOHN H. BARTLETT of New Hampshire

Governor Bartlett was appointed Assistant Postmaster General early in the Harding Administration. He is a capable administrator, besides being one of the finest orators in the official family at Washington.

The Helledale and adjoining farms. The state game board has been advised of their presence. That body has advised that they must be protected and any attempts on their lives should be reported.

TWO TARIFF RATES URGED

President Chose Lower of Two Reports, It Is Disclosed

Washington, April 19.—President Coolidge chose the lower of two suggested import rates on wheat in his recent proclamation increasing the tariff from 30 to 42 cents a bushel, it was disclosed when the tariff commission made public the full file of information turned over to the chief executive on the subject.

The report disclosed that the internal row which has kept the commission split into two factions for more than a year had resulted in the sending of two complete sets of data to the president in the wheat rate case. One proposed a rate of 45 cents, an increase of 15 cents a bushel, the maximum permitted under the law, while the other suggested the rate which was accepted.

The faction headed by Chairman Marvin, Republican, with whom Commissioners Burgess, Republican, and Glasco, Democrat, joined, proposed the higher rate. Vice Chairman Culbertson, Republican, and Commissioners Costigan, Republican, and Lewis, Democrat, held out for the rate of 42 cents. The president took not only the recommendations of the latter with respect to wheat but also their suggestion for a rate of \$1.04 per hundred on wheat flour.

Against the wheat flour rate of \$1.04 proposed by the Culbertson group was the suggestion by the other side for a duty of \$1.11 as necessary to equalize production costs between the United States and Canada.

SKEELS

Check these advanced features of the True Blue Oakland

- 1 Its six-cylinder, L-head engine is a marvel of smoothness, power and economy. Over two years of the severest tests have proved the soundness of its advanced design.
- 2 Four-wheel brakes! Oakland is the only six, at its price, that offers the complete safety of sound, simple, long-wearing and easily adjusted brakes on all wheels!
- 3 Note particularly Oakland's individual finish. It's an entirely new substance—DUCO—which does not fade nor check. A dry cloth quickly removes mud or dirt, restoring the original lustre. Even tar can be removed without injuring this finish.

- 4 Observe how much easier and more convenient it is to drive! Driving controls are mounted on the steering wheel—horn, ignition switch, choke, light-dimming lever and throttle are always at your finger-tips.

- 5 The top is permanent—exclusive with Oakland at its price! Curtains fit more snugly and neatly. A perfect Glass Enclosure (*60 additional) instantly transforms the touring car into an attractive and comfortable closed model.

- 6 Five Disc wheels are standard equipment! So are cord tires! Where—at a price so low—can you equal this remarkable car?

Check the True Blue Oakland—point by point and feature by feature—against any other car at anywhere near its price. The more carefully you do this the more quickly and certainly you will discover that here indeed is the car for you.
